

1/16/13

Living With The Forces of Nature

The Conservation Committee of
The City Gardens Club of New York City
Cordially Invites You to Attend a Forum.

Wednesday, January 16, 2013 at 9:15 am - 11:30 am
at The New York Junior League, 130 East 80th Street (Between Lexington and Park Avenues)

We are pleased to present four speakers with outstanding credentials
and divergent points of view who will discuss
“Living With The Forces of Nature”

Dr. Eric W. Sanderson, Senior Conservation Ecologist at the Wildlife Conservation Society, is an expert in species and landscape conservation planning, geographic analysis and ecological modelling.

Matthew Baird is President of Matthew Baird Architects, a leading architectural firm designing new uses for the sites of World War II era piers and warehouses to be developed for new energy production facilities, industrial recycling of glass, and solar plants.

Dr. Bernard Sweeney, Director, President and Senior Research Scientist of the Stroud Water Research Center, whose firm is dedicated to the study of water quality in conservation, population and community ecology and the effects of global warming.

David Bragdon is Director of Long-term Planning and Sustainability for the Office of The Mayor of NYC. He is responsible for administering PlaNYC, the mayor's long-term environmental agenda dealing with land use, water, transportation, energy, solid waste and air quality.

To attend the Forum, please complete the reservation form below and mail it before January 7, 2013 to:
The City Gardens Club of New York City • 755 Park Avenue, New York, NY 10021.
